Teaching Yoga-Mark Stephens 2011-09-06 Teaching Yoga is an essential
resource for new and experienced teachers as well as a guide for all yoga
students interested in refining their skills and knowledge. Addressing 100%
of the teacher training curriculum standards set by Yoga Alliance, the
world's leading registry and accreditation source for yoga teachers and
schools, Teaching Yoga is also ideal for use as a core textbook in yoga
teacher training programs. Drawing on a wide spectrum of perspectives,

and featuring more than 150 photographs and illustrations, the book covers
fundamental topics of yoga philosophy and history, including a historical
presentation of classical yoga literature: the Vedas, Upanishads, Bhagavad
Gita, Yoga Sutras of Patanjali, and the main historical sources on tantra and
early hatha yoga. Each of the eleven major styles of contemporary yoga is
described, with a brief history of its development and the distinguishing
elements of its teachings. Exploring traditional and modern aspects of
anatomy and physiology, the book provides extensive support and tools for
teaching 108 yoga poses (asanas), breathing techniques (pranayama), and
meditation. Teaching Yoga offers practical advice for classroom setup,
planning and sequencing classes, as well as the process involved in
becoming a teacher and sustaining oneself in the profession. The book has
over 200 bibliographic sources, a comprehensive index, and a useful
appendix that lists associations, institutes, organizations, and professional
resources for yoga teachers. From the Trade Paperback edition.
