Nudity and Christianity-Jim C. Cunningham 2006-12-29 Jim C. Cunningham considers his latest 588-page work, Nudity & Christianity, to be his "magnum opus." It represents the fruit of thirty years of research, meditation, discussion and many personal experiences. Though much of the material is new, Jim has included the best of his twenty-three years of naturist publishing. Although all of his previous publications (see naturistlife.com) were highly photographic, this latest is 100% textual, in hopes of reaching those who might be intimidated even by tasteful graphics. The insightful ideas of dozens of authors from various denominations are represented here, from Pope John Paul II to Dietrich Bonhoeffer, C.S. Lewis to Kahlil Gibran and even Mark Twain. The purpose of this book is to encourage readers to probe the reasons for wearing clothes. Today, Western convention tends to assume that "nude is lewd," but it was not always that way. For half the Church's history, catechumens--men, women, boys and girls, were routinely baptized together, nude, by full immersion. Today, we recoil at learning this, but how have cultural attitudes toward the body changed to effect this reaction? Jim asks those hard questions about the body and the meaning of true modesty, and exhorts Christians to lead the way in asserting God's definition of the body, rather than Playboy's. Instead of allowing pornographers to define the body for us, and then create

a virtue of modesty to fit that false definition, Christians should assert God's definition as found in Scripture and Church Tradition. When we view the body as Jesus did, our definition of modesty becomes radically different from what is conventionally presumed. Two highly detailed indices (Scriptural and Topical) make this an excellent reference book. Readers are exhorted to live what they learn. Jim proposes attending "Theology of the Body Retreats." Being written by a woman engineer, the Automatic Lover stories are accessible and appealing to women who don't like science fiction and to men who don't like women's fiction; and a real treat for female SF fans. My American Dream-Raymond L. Chukwu 2007 My American Dream-From an Orphan to an American success Story I have been described as an American Success story. Here is why. I was born in California of an American mother and a Nigerian father. My father saddened and disheartened by the death of my mother took me to Nigeria when I was two years old to allow me to grow up with paternal relatives. My grandmother was delighted to finally have a chance to become acquainted with her grandson she never seen, and delightedly agreed to take care of me while my father went to work in the city. Tragedy once again struck shortly after my arrival to Nigeria, however. It was on my father's way to his new

position few days later that he was killed in a truck accident. As a result of his sudden death, he had had no chance to tell his relatives particularly my grandmother anything about my mother's side of the family, other than the simple fact that I had been born in Sonoma, California. EVEN THIS FACT was kept from me growing up by my Nigerian relatives including my grandmother until one day it slipped out in conversation. "From that day on I knew I would come back to the United States to see the place I was born."

It Isn't Just Me, Is It?-Thomas Caramagno 2004-01-01 What if Monty Python recruited Noam Chomsky to write skits for Eddie Izzard? The result might be this collection of humorous essays that subvert enshrined certainties with inspired lunacy and a postmodern twist. Irreverent and heretical, stately and plump, Caramagno skewers Christian virtues, common sense, and political pundits alike with a combination punch of silliness and cultural criticism. What began as anecdotes for his lectures on postmodernism has become both intellectually challenging, absurdly stupid, and devastatingly funny a no, thatas three things. Sorry. Iall begin again. Among his satirical weaponry are such diverse elements as a keen though disturbed mind, a freewheeling cynicism that makes Nietzsche look like a Franciscan, a love of life, and a deeply held commitment to fucking it up for the rest of us.
