En avoir ou non-Catherine Euvrard 2004-10-06 Temps de crise oblige, le monde du travail se retranche plus que jamais derrière les itinéraires sans fautes, les profils classiques et le pari du moindre risque. Quel dommage ! Le mélange des genres est pourtant l'atout-clef du monde d'aujourd'hui, nous dit Catherine Euvrard. Cette femme au caractère bien trempé affiche un parcours totalement atypique : ancienne de chez Procter & Gamble, L'Oréal et du magazine Actuel avant de se recycler dans le recrutement... « la rigueur, héritage du lessivier anglo-saxon, alliée à la créativité du news le plus déjanté de sa génération ». Elle nous livre ici le fruit de son expérience tant personnelle que professionnelle dans ce petit vade mecum enthousiaste du jeune demandeur d'emploi à qui elle espère transmettre son optimisme : - Vous avez dit « sexe faible » ? Les femmes au travail - Diplômes : en avoir ou pas ? - J'essaie donc je suis - Savoir oser, savoir doser ! - Adapte-toi, le ciel t'aidera - A la recherche de la perle rare : la chasse, mode d'emploi

Connecting Histories of Education-Barnita Bagchi 2014-03-30 The history of education in the modern world is a history of transnational and cross-cultural influence. This collection explores those influences in (post) colonial and indigenous education across different geographical contexts. The authors emphasize how local actors constructed their own adaptation of colonialism, identity, and autonomy, creating a multi-centric and entangled history of modern education. In both formal as well as informal aspects, they demonstrate that transnational and cross-cultural exchanges in education have been characterized by appropriation, re-contextualization, and hybridization, thereby rejecting traditional notions of colonial education as an export of pre-existing metropolitan educational systems.

Goliath Must Fall-Louie Giglio 2017-05-23 Fear. Rejection. Addiction. Anger. Comfort...Must Fall. It's likely you have a threatening giant in your life...an adversary or stronghold that's diminishing your ability to live a full and free life. Frozen in the grip of rejection, fear, anger, comfort, or addiction, we lose sight of the promise God has for our lives. Demoralized and defeated, we settle for far less than his best. God has a better plan for you, a plan for you to live in victory. That's why he has silenced your giant once and for all. In Goliath Must Fall, pastor Louie Giglio uncovers a newfound twist in the classic story of David and Goliath. The key to living free from our giants is not better slingshot accuracy, but keeping our eyes on the one and only giant-slayer—Jesus. Put your hope in him and watch Goliath fall.

The Seamstress-Frances de Pontes Peebles 2011-06-01 Emília and Luzia dos Santos, orphaned when they are children, grow up under the protection of their aunt in the hillside village of Taquaritinga, Brazil. Raised as seamstresses, the sisters learn how to cut, how to mend and how to conceal. Emília treasures pretty, girlish things and longs to escape from the confines of the little town. Captivated by the romances she reads in magazines, she dreams of finding love in the bustle and glamour of the city. Luzia, scarred by a childhood accident that has left her with a deformed arm, knows that for her, real life can not be romantically embroidered, and so she finds solace in her sewing and in the secret prayers to the saints she believes once saved her life. But when Luzia is abducted by a gang of rebel bandits, the sisters' lives diverge in ways they never imagined. Whilst Luzia learns to survive in the unforgiving Brazilian outland, discovering love in the most unexpected of places, Emília meets the son of a wealthy doctor who seems to offer her everything she has always desired. But for the innocent dreamer,

the excitement of her escape to the city is soon overshadowed by disillusion and loneliness. As she learns how to navigate the treacherous waters of Brazilian high society, the bandits' campaign against the land-owning 'Colonels' intensifies, and when a price is placed upon Luzia's head Emília realises she must risk everything in order to save her sister.

When the Enemy Strikes-Charles F. Stanley 2006-03-12 Your enemy is strong. The battle is real. Prepare for victory. Fear, discouragement, loneliness, anger, temptation. These struggles are common to every human. Yet not all circumstances or negative emotions originate within. They could be the result of a willful, coordinated assault of Satan. In When the Enemy Strikes, best-selling author Dr. Charles Stanley explores the often-overlooked reality of spiritual warfare?the tactics used by Satan to taunt, confuse, slander, and harm. Your adversary wants to crush your will, delay your promise, hinder your destiny, destroy your relationships, and lead you into sin. Dr. Stanley reveals how you should respond. The most important component of warfare, says Dr. Stanley, is the supremacy of God?both His sovereignty and His power. Practically, this means the battles you face are ultimately allowed by God to bring you to a place of greater reliance on Him. His strength crushes the enemy. This is a world of conflict between good and evil, of powers beyond the merely human. The battle is unavoidable, but take heart! God has given you the strength to stand.

Mansfield's Book of Manly Men-Stephen Mansfield 2013-11-26 Witty, compelling, and shrewd, Mansfield's Book of Manly Men is about resurrecting your inborn, timeless, essential, masculine self. The Western world is in a crisis of discarded honor, dubious integrity, and faux manliness. It is time to recover what we have lost. Stephen Mansfield shows us the way. Working with timeless maxims and stirring examples of manhood from ages past, Mansfield issues a trumpet call of manliness fit for our times. "My goal in this book is simple," he says. "I want to identify what a genuine man does—the virtues, the habits, the disciplines, the duties, the actions of true manhood—and then call men to do it."

Aquarium-David Vann 2015-03-03 From the award-winning author of Legend of a Suicide: "A kind of modern fairy tale . . . Vann's novels are striking, uncompromising portraits of American life" (Kirkus Reviews, starred review).

David Vann's dazzling debut Legend of a Suicide was reviewed in over a 150 major global publications, won eleven prizes worldwide, was on forty "best books of the year" lists, and established its author as a literary master. Now, in crystalline, chiseled yet graceful prose, Aquarium takes us into the heart of a brave young girl whose longing for love and capacity for forgiveness transforms the damaged people around her . . . Twelve-year-old Caitlin lives alone with her mother—a docker at the local container port—in subsidized housing next to an airport in Seattle. Each day, while she waits to be picked up after school, Caitlin visits the local aquarium to study the fish. Gazing at the creatures within the watery depths, Caitlin accesses a shimmering universe beyond her own. When she befriends an old man at the tanks one day, who seems as enamored by the fish as she, Caitlin cracks open a dark family secret and propels her once-blissful relationship with her mother toward a precipice of terrifying consequence. "A blue-collar parable . . . [The character] looks back on her life as a child looks into a tank, hoping to make sense of the world inside—a theme Vann develops beautifully, creating a mysterious realm of the wintry American city." —The Guardian

Effects Conservation Tillage On Ground Water Quality-Terry J Logan 2018-01-18 Nowadays the environmental sustainability of the cropping systems is increasingly requested by the consumers. Conventional tillage practices, totally turning over the soil between the vineyard rows, may cause erosion due to rain as well as structure destruction of the soil in the long term. Conservation tillage is a soil management technique, poorly widespread in Sardinia, allowing cover cropping between vineyard rows. Furthermore, this technique makes the canopy development control of herbage possible by cutting it up during specific phenological phases. Conservation tillage usually involves direct benefits to farmers such as increasing soil fertility as well as reduction of tillage costs, soil erosion and carbon dioxide (CO<sub>2</sub>) emissions in the atmosphere. This long term trial, during at least five years aims to assess the conservation tillage impact on chemical-physical soil characteristics in comparison with traditional tillage by evaluating the change of organic matter, C.E.C. and availability of major plant nutrients in the soil and to estimate their probable rise. The field plots are located in a 35% slope condition vineyard, showing massive erosion problem and organic matter low content. A split/plot design with four replications was set up, with the comparison between conservation and traditional tillage apart as main plots. Moreover, the effects of two different irrigation levels were evaluated in the subplots of each main plot. At the beginning of the trial (2011) a

pedological survey was made. Three soil profiles were described and sampled along the field slope and soil sampling in each plot were made both to characterize the soil and to find the zero point. The soil chemical and physical characteristics were monitored through a second soil sampling made at the end of 2013. Conservation tillage caused increasing organic matter content and C.E.C. values. As for major plant nutrients in soil, results were more uncertain. Grapevine yield and quality parameters did not show any negative effect when passing from conventional to conservation tillage techniques. The trial provided a preliminary positive evaluation of conservation tillage. However, more years are required to confirm this trend.

Women, Agency, and the State in Guinea-Carole Ammann 2020-03-05 This book examines how women in Guinea articulate themselves politically within and outside institutional politics. It documents the everyday practices that local female actors adopt to deal with the continuous economic, political, and social insecurities that emerge in times of political transformations. Carole Ammann argues that women's political articulations in Muslim Guinea do not primarily take place within women's associations or institutional politics such as political parties; but instead women's silent forms of politics manifest in their daily agency, that is, when they make a living, study, marry, meet friends, raise their children, and do household chores. The book also analyses the relationship between the female population and the local authorities, and discusses when and why women's claim making enjoys legitimacy in the eyes of other men and women, as well as representatives of 'traditional' authorities and the local government. Paying particular attention to intersectional perspectives, this book will be of interest to scholars of African studies, social anthropology, political anthropology, the anthropology of gender, urban anthropology, gender studies, and Islamic studies.

Labour and Employment Compliance in Belgium-Chris Van Olmen 2020-09-22 Detailed attention to compliance with labour and employment laws is crucial for success in setting up business in a foreign country. This book—one of a series derived from Kluwer's matchless publication International Labour and Employment Compliance Handbook—focuses on the relevant laws and regulations in Belgium. It is thoroughly practical in orientation. Employers and their counsel can be assured that it fulfills the need for accurate and detailed knowledge of laws in Belgium on all aspects of employment, from recruiting to termination, working conditions, compensation and benefits to collective bargaining. The volume proceeds in a logical sequence through such topics as the following: written and oral contracts interviewing and screening evaluations and warnings severance pay reductions in force temporary workers trade union rights wage and hour laws employee benefits workers' compensation safety and environmental regulations immigration law compliance restrictive covenants anti-discrimination laws employee privacy rights dispute resolution recordkeeping requirements A wealth of practical features such as checklists of do's and don'ts, step-by-step compliance measures, applicable fines and penalties, and much more contribute to the book's day-to-day usefulness. Easy to understand for lawyers and non-lawyers alike, this book is sure to be welcomed by business executives and human resources professionals, as well as by corporate counsel and business lawyers.

Is Geography Destiny?-John Luke Gallup 2003-08-04 For decades, the prevailing sentiment was that, since geography is unchangeable, there is no reason why public policies should take it into account. In fact, charges that geographic interpretations of development were deterministic, or even racist, made the subject a virtual taboo in academic and policymaking circles alike. 'Is Geography Destiny?' challenges that premise and joins a growing body of literature studying the links between geography and development. Focusing on Latin America, the book argues that based on a better understanding of geography, public policy can help control or channel its influence toward the goals of economic and social development.

Total Praise The Autobiography Richard Smallwood-Richard Smallwood 2019-12-16 Richard Smallwood is a legend in his own time. After over three decades as one of the most popular inspirational artists in the music business, with classic tunes such as "Total Praise", "Center of My Joy" and "I Love the Lord" to his credit, the Grammy nominated, Stellar and Dove Award winner songwriter and musician continues to enjoy worldwide popularity and influence. With Smallwood's vast accomplishments, it would be easy to rest on his laurels, but that's not his style. Born in Atlanta Georgia and raised in Washington DC, he has been driven since childhood. His stepfather, CL Smallwood, founding pastor of DC's historic Union Temple Baptist Church and other churches all over the country was a tough taskmaster, and his mother Mabel encouraged his early love of music. He began to play by ear at the age of five. By seven, he was taking formal lessons and by eleven had formed his own gospel group made up of neighborhood children. Total Praise: the Autobiography of Richard Smallwood not only chronicles his life as a musician and skillful writer, but it also tells the story of loss, love, grief, mental illness, and victory. Once you begin this book, you won't be able to put it down. Indeed, the gift of Richard Smallwood is that his entire life, embodies one of Total Praise.

The Natural Way of Things-Charlotte Wood 2016-06-28 "A Handmaid's Tale for the 21st century" (Prism Magazine), Wood's dystopian tale about a group of young women held prisoner in the Australian desert is a prescient feminist fable for our times. As the Guardian writes, "contemporary feminism may have found its masterpiece of horror." Drugged, dressed in old-fashioned rags, and fiending for a cigarette, Yolanda wakes up in a barren room. Verla, a young woman who seems vaguely familiar, sits nearby. Down a hallway echoing loudly with the voices of mysterious men, in a stark compound deep in the Australian outback, other captive women are just coming to. Starved, sedated, the girls can't be sure of anything—except the painful episodes in their pasts that link them. Drawing strength from the animal instincts they're forced to rely on, the women go from hunted to hunters, along the way becoming unforgettable and boldly original literary heroines that readers will both relate to and root for. The Natural Way of Things is a lucid and illusory fable and a brilliantly plotted novel of ideas that reminds us of mankind's own vast contradictions—the capacity for savagery, selfishness, resilience, and redemption all contained by a single, vulnerable body. Winner 2016 Stella Prize 2016 Prime Minister's Literary Award in Fiction An Australian Indie Best Fiction Book & Overall Book of the Year Winner Finalist 2017 International Dublin Literary Award 2016 Voss Literary Prize 2016 Victorian Premier's Award 2016 The Miles Franklin Award

Springtime-Michelle de Kretser 2014-11-01 Picking up her pace, Frances saw a woman in the leaf-hung depths of the garden. She wore a long pink dress and a wide hat, and her skin was a creamy white. There came upon Frances a sensation that sometimes overtook her when she was looking at a painting: space was foreshortened, time stood still. When Frances met Charlie at a party in Melbourne he was married with a young son. Now she and Charlie live in Sydney with her rescue dog Rod and an unshakeable sense that they have tipped the world on its axis. They are still getting their bearings - of each other and of their adopted city. Everything is alien, unfamiliar, exotic: haunting, even. Worlds of meaning spin out of perfectly chosen words in this rare, beguiling and brilliant ghost story by Miles Franklin Literary Award-winning writer Michelle de Kretser.

The Knowledge Entrepreneur-Stan Skrzyszewski 2006 In a knowledge economy, it is most important that creative people with ideas, information skills, experience, and knowledge become engaged in entrepreneurial activity involving the creation and use of new knowledge for community, organizational, and personal development, in addition to developing new products and services. This book helps those who wish to engage in entrepreneurial activity realize that they too can work independently, both as an individual and within an organization. The Knowledge Entrepreneur introduces the principles, skills, and knowledge required to be a knowledge entrepreneur or "intrapreneur." It outlines the process for developing and implementing business plans and proposals for knowledge-based initiatives. It also offers insight into the nature of knowledge, innovation, and entrepreneurship. For the individual entrepreneur who is just starting to develop a business concept, employees who want to become employers, and for entrepreneurially-minded people working in larger information-related organizations (e.g. libraries and information, technology, and software businesses), this book will be an invaluable tool.
