Dying to Know You-Aidan Chambers 2012-04-23 A teenager discovers his voice in this contemporary love story from “one of young adult literature’s greatest living writers” (Booklist). Shy teenager Karl is desperately in love with his girlfriend, Fiorella, a literary enthusiast who’s asked him to write her a letter in which he reveals his true self. There’s just one problem . . . Karl is dyslexic. Convinced that his attempts to express himself with words will end in disaster, Karl tracks down Fiorella’s favorite novelist and begs him to take up the task. The famous writer unexpectedly agrees, but on one condition: Karl must participate in a series of interviews so the author can pen an authentic portrait of his affections. What follows is a series of misunderstandings, a startling revelation, and an unusual bond that will change all three of their lives. A moving story of love and friendship, Dying to Know You is the perfect novel for “that cloudy expanse between older teenager and younger adult, a novel that doesn’t pretend to advise, but merely sees its characters for who they really are” (The Guardian). “This quietly understated performance captures the wistfulness of music in a minor key.” —Kirkus Reviews

The True Tale of the Monster Billy Dean-David Almond 2014-01-07 From master storyteller David Almond comes a gripping, exquisitely written novel about a hidden-away child who emerges into a broken world. Billy Dean is a secret child. He has a beautiful young mother and a father who arrives at night carrying the scents of candles and incense and cigarettes. Birds fly to his window. Mice run out from his walls. His world is a carpet, a bed, pictures of the holy island, and a single locked door. His father fills his mind and his dreams with mysterious tales and memories and dreadful warnings. But then his father disappears, and Billy’s mother brings him out into the world at last. He learns the horrifying story of what was saved and what was destroyed on the day he was born, the day the bombers came to Blinkbonny. The kind butcher, Mr. McCaufrey, and the medium, Missus Malone, are waiting for him. He becomes The Angel Child, one who can heal the living, contact the dead, bring comfort to a troubled world. But there is one figure who is beyond healing, who comes looking for Billy himself — and is determined on a kind of reckoning.

Man, Master of His Destiny-Omraam Mikhaël Aïvanhov 1986-01-01

Teenagers-David Bainbridge 2009-07-01 Teenagers reimagines the way people think about adolescents. No longer society's scourge and scapegoat, the teenager emerges from David Bainbridge's fascinating study as an awe-inspiring natural phenomenon that evokes reverence and wonder.

Bainbridge, a veterinarian and anatomist, suggests that the second decade is the most important in the human lifecycle. In lively prose, he explains the science behind the changes that occur both on the surface of the teenage body and deep within the teenage brain, from lanky limbs and bad skin to falling in love, sleeping till noon, and the irresistible allure of sex, drugs, and rock'n'roll. Observed through a scientific lens, these bizarre biological transformations and behavioral anomalies snap into focus, as not only a beautifully choreographed sequence of steps on the path to adulthood, but also as a key evolutionary factor in the success of the species.

The Story of Don Juan-Alessandro Baricco 2013-10 "The crazy life and courageous death of a man who loved women too much to want only one."

Don Juan is a passionate lover of life and nearly 1,000 women. One night, the Commendatore of Calatrava catches him kissing his daughter, and challenges him to a duel. Don Juan wins the duel, which of course means that the Commendatore is slain—and so begins the end for the incorrigible seducer. Dave Eggers says, of the series: "I couldn't be prouder to be a part of it. Ever since Alessandro conceived this idea I thought it was brilliant. The editions that they've compiled have been lushly illustrated and elegantly designed."

We'll Soon Be Home Again-Jessica Bab Bonde 2020-05-12 The testimonies of six survivors of the Holocaust are presented in comics form, aimed at teenage readers. Some of them were children then, and are still alive to tell what happened to them and their families. How they survived. What they lost—and how you keep on living, despite it all. Jessica Bab Bonde has, based on survivor's stories, written an important book. Peter Bergting's art makes the book accessible, despite its difficult subject. Using first-person point of view allows the stories to get under your skin as survivors describe their persecutions in the Ghetto, the de-humanization and the starvation in the concentration camps, and the industrial-scale mass murder taking place in the extermination camps. When right-wing extremism and antisemitism are being evoked once again, it's the alarm-bell needed to remind us never to forget the horrors of the Holocaust.

How to Be Holy-Peter Kreeft 2016 "Life, in the end, has only one tragedy: not to have been a saint." - Léon Bloy The ever-popular and prolific Peter Kreeft says that the most important question he has written about is how one becomes holy; or to put it another way, how one becomes a saint. This question is central to all the great religions, Kreeft demonstrates, for striving toward holiness, moving toward perfect love, is the whole purpose of life. Kreeft admits that he is only a beginner on the climb to holiness, and it is to novices like him that he has written this engaging and encouraging book. Using the insights and experiences of saints and great spiritual writers throughout history, Kreeft shows what holiness is and how it can be achieved. He especially draws upon the spiritual classic *Abandonment to Divine Providence* by Jean-Pierre de Caussade, S.J. The core of Caussade's timeless gem is that God reveals himself to all of us through the daily events of our lives. The surest way toward spiritual growth, therefore, is by perceiving and accepting the merciful will of God in every situation. Kreeft stresses the simplicity of his approach to holiness, which focuses mainly on the virtue of love. Sanctity is love, he asserts, and only that can give us what we all long for—deep and lasting joy.

Emma Thompson When journalist Rosalind Powell and her husband wanted to start a family, they had no idea of the journey that lay ahead. Encountering fertility issues and gruelling IVF treatment to no avail, but still determined to be parents, they set off on the adoption route. After many false starts and dashed hopes they eventually, and luckily, found their son. *How I Met My Son* is more than a memoir, it is an invaluable guide to the reality of adoption in the UK. Both joyful and heartbreaking, the path to becoming a parent is laid bare. The story explores the sadness of infertility, the rigours of IVF, the minefield of social services, the intensity of the assessment process, the difficulties of choosing a child (and being chosen) and the happiness and shock of finally bringing that child home. A candid, compelling and inspirational book about what it means to be a parent of a child that isn't, biologically, your own. 'Whether you have no children, have been through IVF, fostered, adopted or borne biological children, this stunning warts-and-all account of the yearning to parent is a must-read. Powell's experiences, told with such particular and often heart-rending hilarity, speak to the universal questions we all ask of our parents, partners, friends and ultimately of ourselves.' How Musicals Work-Julian Woolford 2012 Musicals are the most popular form of stage entertainment today, with the West End and Broadway dominated by numerous long-running hits. But for every Wicked or Phantom of the Opera, there are dozens of casualties that didn't fare quite so well. In this book, Julian Woolford explores the musical-theatre canon to explain

why and how some musicals work, why some don't, and what you should (and shouldn't) do if you're thinking of writing your own. Drawing on his experience as a successful writer and director of musicals, and as a lecturer in writing musicals at the University of London, Woolford outlines every step of the creative process, from hatching the initial idea and developing a structure for the work, through creating the book, the music and the lyrics, and on to the crucial process of rewriting. He then guides the reader through getting a musical produced, with invaluable advice about generating future productions and sustaining a career. The book includes dozens of exercises to assist the novice writer in developing their craft, and detailed case studies of well-known musicals such as Les Misérables, The Sound of Music, Miss Saigon, Little Shop of Horrors, Godspell and Evita. An essential guide for any writers (or would-be writers) of musicals, How Musicals Work is a fascinating insight for anyone interested in the art form or who has ever wondered what it takes to get from first idea to first night. 'A comprehensive and thoughtful guide to everything one must consider in order to write a successful musical. It would take at least a decade to learn all of this on one's own. Invaluable.' David Zippel (lyricist of City of Angels and The Woman in White) 'If anyone knows how musicals work (I'm not sure I do), this highly entertaining dissection of every aspect of that bewildering art form reveals that Julian Woolford does.' Tim Rice

How to Dismantle the NHS in 10 Easy Steps-Youssef El-Gingihy 2015-07-31 Dr Youssef El-Gingihy - a GP - tells the story of how the NHS has been gradually converted into a market-based healthcare system over the past 25 years. This process is accelerating under the Coalition government and the very existence of a National Health Service is in danger. He fears that there will not be an NHS as our generation grows old and certainly not for our children. Yet the British public remains largely unaware of this and the media, with few exceptions, have failed in their duty to inform them. The NHS is being broken up into an universal insurance system based on the American model. This book matters to all who use the NHS or are concerned by the privatisation of public services and the dismantling of equitable healthcare and welfare. If you want to understand the real story behind the headlines and find out how you can preserve the NHS for the future then this book is essential reading.
