Something Rising-Haven Kimmel 2010-05-11 In her first two books, Haven Kimmel claimed her spot on the literary scene- surprising readers with her memoir, A Girl Named Zippy, and winning an outpouring of critical acclaim for her first novel, The Solace of Leaving Early. Now, in her second novel, she brings to the page a heroine's tireless quest for truth, love, justice, and the perfect game of 9-ball. Cassie Claiborne's world is riddled with problems beyond her control: her hard- living, pool-shooting father has another wife; her stoic, long-suffering mother is incapable of moving herself mentally away from

the kitchen window; her sister Belle is a tempest of fragility and brilliance; her closest friends, Puck and Emmy, are adolescent harbingers of their own doomed futures. Frustrated by her inability to care deeply enough for so many troubled souls, Cassie finds in the local pool hall an oasis of green felt where she can master objects and restrain her emotions. As Cassie grows from a quietly complex girl into a headstrong young woman, she takes on the thankless role of family provider by working odd jobs and hustling pool. All the while, she keeps her eye on the ultimate prize: wringing suitable justice out of past wrongs and freeing herself from the inertia that is her life. In this ultimately uplifting story, Haven Kimmel reaches deep into the hamstrung souls of her fictional corner of Indiana. Remarkable for its tough tenderness, *Something Rising* (Light and Swift) is an astonishing work of pure heartbreak.

On Writing Fiction-David Jauss 2011-06-02 The pieces of a satisfying novel or story seem to fit together so effortlessly, so seamlessly, that it's easy to find yourself wondering, "How on earth did the author do this?" The answer is simple: He sat alone at his desk, considered an array of options, and made smart, careful choices. In *On Writing Fiction*, award-winning author and respected creative writing professor David Jauss offers practical information and advice that will help you make smart creative and technical decisions about such topics as:

- Writing prose with syntax and rhythm to create a "soundtrack" for the narrative
- Choosing the right point of view to create the appropriate degree of "distance" between your characters and the reader
- Harnessing the power of contradiction in the creative process

In one thought-provoking essay after another, Jauss sorts through unique fiction-writing conundrums, including how to

create those exquisite intersections between truth and fabrication that make all great works of fiction so much more resonant than fiction that follows the "write what you know" approach that's so often used.
