You're Not Listening-Kate

Murphy 2020-01-07 When was the last time you listened to someone, or someone really listened to you? "If you're like most people, you don't listen as often or as well as you'd like. There's no one better qualified than a talented journalist to introduce you to the right mindset and skillset—and this book does it with science and humor." - Adam Grant, #1 New York Times bestselling author of Originals and Give and Take
"An essential book for our

times." -Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone* At work, we're taught to lead the conversation. On social media, we shape our personal narratives. At parties, we talk over one another. So do our politicians. We're not listening. And no one is listening to us. Despite living in a world where technology allows constant digital communication and opportunities to connect, it seems no one is really listening or even knows how. And it's making us lonelier, more isolated, and less tolerant than ever before. A listener by trade, New York Times contributor Kate Murphy wanted to know how we got here. In this always illuminating and often humorous deep dive, Murphy explains why we're not listening, what it's doing to us, and how we can reverse the trend. She makes accessible the psychology, neuroscience, and sociology of listening while also introducing us to some of the best listeners out there (including a CIA agent, focus group moderator, bartender,

radio producer, and top furniture salesman). Equal parts cultural observation, scientific exploration, and rousing call to action that's full of practical advice, *You're Not Listening* is to listening what Susan Cain's *Quiet* was to introversion. It's time to stop talking and start listening.

Light Warriors-Joyce Tenneson 2000-11-15 A series of dramatic, up-close portraits of women, all taken with Polaroid's remarkable 20 x 24-inch camera. These striking images are reminiscent of Tenneson's earlier work (*Transformations* and *Illuminations*) in their haunting, dreamlike qualities. However, these striking portraits of the female figure, often partially nude, draped in fabric, with unusual headdresses or objects in their arms, illuminated by eerie light, are unforgettable and a bold departure from her earlier work. A must for Tenneson's loyal fans -- the photographic, feminist, and spiritual market -- and also for a more general audience, capitalizing on her increasing visibility in the fashion field. Tihany-Adam D. Tihany 2014

Tihany, shares his story and most spectacular projects in Tihany: Iconic Hotel and Restaurant Interiors. This book offers an in-depth tour of some of the designer's most defining projects." -

Preparing Heirs-Roy Orville Williams 2003 Preparing Heirs discloses the surprising findings from the authors' research into the legacies of 3,250 wealthy families. With extraordinary insight, they reveal what the relatively small number of successful families had in common-how they achieved and maintained family harmony, and ensured the smooth transition of their wealth to well-adjusted heirs. They also warn of the wide range of factors that cause the majority of wealthy families to fail in their transition. Preparing Heirs

offers clear, concise, well-organized, and easy-to-follow instructions that will enable you to evaluate your plan for transitioning family wealth. Preparing Heirs is an assessment tool that can be used in conjunction with the services of qualified professionals such as attorneys and accountants. It addresses the major causes for the 70% failure rate in estate transitions, which lie within the family itself and are within the family's control. This book can help you develop a plan to transmit the family values underlying the accumulation of wealth and prepare your heirs to be good stewards and thoughtful administrators of that wealth. Fashion Climbing-Bill Cunningham 2019-09-03 In this New York Times bestseller the author recalls how New York City was the land of freedom, glamour, and, above all, style to him. Growing up in a lace-curtain Irish suburb of Boston, secretly trying on his sister's dresses and spending his evenings after school in the city's chic boutiques, he had to fight his family tooth-and-nail to pursue his love.
