He has sometimes been called the "Father of Science Fiction", a title that has also been given to H. G. Wells and Hugo Gernsback. In all, Verne authored more than 60 books (most notably the 54 novels comprising the “Voyages Extraordinaires”), as well as dozens of plays, short stories and librettos. He conjured hundreds of memorable characters and imagined countless innovations years before their time, including the submarine, space travel, terrestrial flight and deep-sea exploration. Verne is generally considered a major literary author in France and most of Europe, where he has had a wide influence on the literary avant-garde and on surrealism. Verne has been the second most-translated author in the world since 1979, ranking between Agatha Christie and William Shakespeare. Some of the works appear only in their original French texts, due to copyright restrictions. Lors d'une escapade dans le sud marocain, dans un coin oublié de la très belle palmeraie de Tinerghir, il rencontre mystérieusement une très jeune femme qui semble l'attendre depuis toujours. Elle est assise, immobile, sagement sur le bord d'une piscine. Elle est nue... Interloqué, maladroit, il lui demande son nom. Elle répond qu'elle n'en a pas. Ce nigaud de photographe veut faire alors de l'humour et va donc l'affubler d'un prénom qui va bouleverser son destin. Ce prénom c'est celui de "Surprise". Literary Figures in French Drama (1784–1834)-Eric H. Kadler 2012-12-06
The general aim of this book is to present a study of a dramatic genre which was a significant facet of French drama in the period from 1784 to 1834 and has never before been singled out or analyzed. The striking feature of the plays of this genre is that the protagonists represent French literary figures. A casual examination of a collection of late eighteenth-and early nineteenth-century plays, many of which concern literary figures, led to the initial idea for this study. Conscientious cross-checking was sub sequently done in a number of reference works and contemporary newspapers to obtain complete coverage and to draw up a list of all the plays in which French literary figures appeared as characters. From the total number of such plays, 153 have been used as the primary source of information. They were found scattered either in different collections or as separate copies in various libraries. This source has been supplemented by use of theatrical journals and almanacs giving reviews of some of the plays which were not published.
