Representing Avarice in Late Renaissance France-Jonathan Patterson 2015-01-22 Why did people talk so much about avarice in late Renaissance France, nearly a century before Molière's famous comedy, L'Avare? As wars and economic crises ravaged France on the threshold of modernity, avarice was said to be flourishing as never before. Yet by the late sixteenth century, a number of French writers would argue that in some contexts, avaricious behaviour was not straightforwardly sinful or harmful.

Considerations of social rank, gender, object pursued, time, and circumstance led some to question age-old beliefs. Traditionally reviled groups (rapacious usurers, greedy lawyers, miserly fathers, covetous women) might still exhibit unmistakable signs of avarice — but perhaps not invariably, in an age of shifting social, economic and intellectual values. Across a large, diverse corpus of French texts, Jonathan Patterson shows how a range of flexible genres nourished by humanism tended to offset traditional condemnation of avarice and avarers with innovative, mitigating perspectives, arising from subjective experience. In such writings, an avaricious disposition could be re-described as something less vicious, excusable, or even expedient. In this word history of avarice, close readings of well-known authors (Marguerite de Navarre, Ronsard, Montaigne), and of their lesser-known contemporaries are connected to broader socio-economic developments of the late French Renaissance (c.1540-1615). The final chapter situates key themes in relation to Molière's L'Avare. As such, Representing Avarice in Late Renaissance France newly illuminates debates about avarice within broader cultural preoccupations surrounding gender, enrichment and status in early modern France.

Intellectual Origins of the French Enlightenment-Ira O. Wade 2015-03-08 With the same sense of historical responsibility and veracity he has exemplified in his studies on Voltaire, Ira O. Wade turns now to Voltaire's milieu and begins an account of the French Enlightenment which will explain its genesis, its nature and coherence, and its diffusion in the modern world. To understand the movement of ideas that produced the spirit of the Enlightenment, Mr. Wade identifies and examines the people, events, and rich development of philosophy in the Renaissance and seventeenth century. He considers, in turn, the challenges of the Renaissance and the responses of its leading writers (Rabelais, Bacon, and Montaigne); Baroque thought (Descartes, Hobbes, Pascal, the Freethinkers); and Classicism (Molière, Spinoza, Locke, Leibniz, Newton). Mr. Wade begins his discussion by examining the critical literature on the Enlightenment and concludes with a theoretical chapter, "The Making of a Spirit." As the history of an intellectual culture, his study makes vivid the power of thought in the making of a civilization. Originally published in 1971. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions.
The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

English French Bible No4-TruthBeTold Ministry 2017-06-28 This publication contains American Standard Bible (1901) (The Old Testament and The New Testament) and La Sainte Bible (1887) (The Old Testament and The New Testament) translation. It has 173,749 references and shows 2 formats of The Bible. It includes American Standard Bible and Ostervald (The Old Testament and The New Testament), built for text-to-speech (tts) so your device can read The Bible out loud to you. How the general Bible-navigation works: A Testament has an index of its books. The TTS format lists books and chapters after the book index. The Testaments reference each other in the book index. Each book has a reference to The Testament it belongs to. Each book has a reference to the previous and or next book. Each book has an index of its chapters. Each chapter has a reference to the book it belongs to. Each chapter reference the previous and or next chapter. Each chapter has an index of its verses. Each chapter in TTS reference same chapter in the Navi-format. Each verse is numbered and reference the chapter it belongs to. Each verse starts on a new line for better readability. In the TTS format the verse numbers are not shown. Any reference in an index brings you to the location. The Built-in table of contents reference all books in all formats. We believe we have built one of the best if not the best navigation there is to be found in an ebook such as this! It puts any verse at your fingertips and is perfect for the quick lookup. And the combination of American Standard Bible and Ostervald and its navigation makes this ebook unique. Note that Text-To-Speech (TTS) support varies from device to device. Some devices do not support it. Others support only one language and some support many languages. The language used for TTS in this ebook is English.

Diary of an Alcoholic Housewife--Brenda Wilhelmson 2011-03-01 A gripping first-hand story of personal triumph and recovery by a wealthy American housewife who appeared to have it all but who was, in reality, losing life’s most important moments in an alcohol-induced haze. Brenda Wilhelmson was like a lot of women in her neighborhood. She had a husband and two children. She was educated and made a good living as a writer. She had a vibrant social life with a tight circle of friends. She could party until dawn and take her children to school the next day. From the outside, she appeared to have it all together. But, in truth, alcohol was slowly taking over, turning her world on its side. Waking up to another hangover, growing tired of embarrassing herself in front of friends and family, and feeling important moments slip away, Brenda made the most critical decision of her life: to get sober. She kept a diary of her first year (and beyond) in recovery, chronicling the struggles of finding a meeting she could look forward to, relating to her fellow alcoholics, and finding a sponsor with whom she connected. Along the way, she discovered the challenges and pleasures of living each day without alcohol, navigating a social circle where booze is a centerpiece, and dealing with her alcoholic father’s terminal illness and denial. Brenda Wilhelmson’s Diary of an Alcoholic Housewife offers insight, wisdom, and relevance for readers in recovery, as well as their loved ones, no matter how long they’ve been sober.

Sophie the Parisian--Nathalie Peigney 2019-09-03 Dedicated to all women who recognize Frenchwomen as genuine style models, this book is an appealing, pocket-size guide to French style and glamour, with 100 practical and concrete tips and delightful photos and sketches. Seven years after the success of the style guide Parisian Chic by Inès de la Fressange, Sophie the Parisian offers a fresher, wider, and more varied guide to French style. The Parisian woman is considered a female role model by definition: classical in taste, but independent and dynamic; elegant and sophisticated at times, feminine and seductive, but not vulgar; attentive to what she wears and taking care of her body, but without excessive vanity; and who has sophisticated and original but simple taste. Food lover and partygoer, she focuses on the quality of food rather than on her shape. Fond of natural beauty, and without plastic surgery, she doesn’t try to hide the signs of aging, which she wears with pride. Sophie the Parisian doesn’t take herself too seriously and uses a well-balanced mix of charm, great taste, and irony--three typical traits of the modern Frenchwoman--to cover topics ranging from fashion to the well-being of the body, from looks to health, from cooking to decoration: everything...
that makes the French joie de vivre a role-model lifestyle worldwide.

Italy-Andrew Whittaker 2010 A fully illustrated primer on Italian culture goes beyond the parameters of travel and phrase books to inform readers on the nation’s history, values and character, covering everything from regional identity and famous figures to Italian art and architecture. Original.

Édith Piaf-David Looseley 2015 The world-famous French singer Edith Piaf (1915-63) was never just a singer. Dozens of biographies of her, of variable quality, have seldom got beyond the well known and usually contested 'facts' of her life. This book suggests new ways of understanding her. A 'cultural history' of Piaf means exploring her cultural, social and political significance as a national and international icon, looking at her shifting meanings over time, at home and abroad. How did she become a star and a myth? What did she come to mean in life and in death? At the centenary of her birth and more than fifty years after her passing, why do we still remember her work and commemorate her through the work of others, from Claude Nougaro and Elton John to Ben Harper and Zaz, as well as in films, musicals, documentaries and tribute acts around the world? What does she mean today? The book proposes the notion of an imagined Piaf. To a large extent, she was her own invention, not only by virtue of her talent but because she produced narratives about herself, building a mystery. But she was also the invention of others: of those she worked with but above all of her audiences, who made their own meanings from her carefully staged performances. Since her death, the world has been free to imagine new Piafs. From the 1930s until today, she has variously embodied conceptions of the 'popular' and of 'chanson' as a new kind of middlebrow, of gender, sexuality, national identity and the human condition."

Another Chance-Sharon Wegscheider-Cruse 1989 For the millions of Americans who suffer in alcoholism-torn lives of loneliness, fear, shame, guilt, hurt, anger, and frustration, Another Chance offers invaluable insights and solid steps toward recovery. It shows what is happening with the alcoholic, within the alcoholic family, and within the world of professional treatment for chemical dependents, their co-dependents, and their adult children. The first edition won the prestigious Marty Mann Award, which honors outstanding contributions and achievements in alcoholism communications. Building on the success of that first edition, Wegscheider-Cruse has expanded this book to address issues of: adult children of alcoholics, the importance of spirituality in recovery, a powerful therapeutic experience called a Family Reconstruction, and co-dependent therapists and their need for treatment.

Drop the Rock--The Ripple Effect-Fred H. 2016-05-24 Drop the Rock—The Ripple Effect provides multiple perspectives from people successfully working a Twelve Step Program, showing Step 10 as a key to a sober life free of fear and resentment and filled with serenity and gratitude. When Drop the Rock: Removing Character Defects was first published in 1999, it quickly became the standard resource for working Steps 6 and 7, two of the most challenging of the Twelve Steps for many people in recovery. Learning what it means to fully surrender character defects frees you to make amends with Steps 8 and 9, realize the Big Book's “Promises,” and move on to Step 10. In this new follow-up resource, Fred H. explores what he calls “the ripple effect" that can be created by using Step 10 to practice Steps 6 and 7 every day and avoid picking up “the rock” again. Drawing on his years of lecturing on the Big Book of Alcoholics Anonymous and Twelve Steps and Twelve Traditions, he reveals Step 10 as the natural culmination of working the previous Steps. providing a crash course on
The Twelve Steps Of Alcoholics Anonymous
Anonymous 2009-10-23 This book brings together a series of short discussions from various authors who interpret the Twelve Steps. The Twelve Steps of Alcoholics Anonymous form the cornerstone of one of the most effective programs for recovery from alcoholism. The steps have also been successfully adapted for use in the treatment of many other dependencies. This book brings together for the first time a series of short discussions that interpret each of the Twelve Steps--from the admission of individual powerlessness over alcohol that occurs in Step One, to the moral inventory of Step Four and the spiritual awakening of Step Twelve. Each discussion has a separate author, demonstrating the diversity of voices that is at the heart of AA, and each author provides insights that keep the steps fresh and meaningful, whether they've been read once or a hundred times.

A Social History of France 1780-1914-Peter McPhee 2003-11-28 This volume provides a lively and authoritative synthesis of recent work on the social history of France and is now thoroughly updated to cover the 'long nineteenth century' from 1789-1914. Peter McPhee offers both a readable narrative and a distinctive, coherent argument about this remarkable century and explores key themes such as: - peasant interaction with the environment - the changing experience of work and leisure - the nature of crime and protest - changing demographic patterns and family structures - the religious practices of workers and peasants - the ideology and internal repercussions of colonisation. At the core of this social history is the exercise and experience of 'social relations of power' - not only because in these years there were four periods of protracted upheaval, but also because the history of the workplace, of relations between women and men, adults and children, is all about human interaction. Stimulating and enjoyable to read, this indispensable introduction to nineteenth-century France will help readers to make sense of the often bewildering story of these years, while giving them a better understanding of what it meant to be an inhabitant of France during that turbulent time.

France and the English-Tim N. Reiss 2002-07-10 This book presents a social and cultural history of France from the mid-eighteenth century to the present. It explores the ways in which France's political and cultural life have been shaped by the interplay of national, imperial, and transnational forces. The book emphasizes the dynamic nature of French society and culture, and the ways in which they have been transformed by the forces of modernization and globalization.

Language and the Grand Tour-Arturo Tosi 2020-03-31 Language is still a relatively under-researched aspect of the Grand Tour. This book offers a comprehensive introduction enriched by the amusing stories and vivid quotations collected from travellers' writings, providing crucial insights into the rise of modern vernaculars and the standardisation of European languages.

The French Revolution-Hippolyte Taine 1878 "Hippolyte Adolphe Taine (21 April 1828 ? 5 March 1893) was a French critic and historian. He was the chief theoretical influence of French naturalism, a major proponent of sociological positivism and one of the first practitioners of historicist criticism. Literary historicism as a critical movement has been said to originate with him."--Wikipedia.

La Belle France-Alistair Horne 2007-12-18 "A useful and charming introduction to a nation that has oh-so-definitely helped make the modern world what it is... Horne does a service in helping the reading navigate the complexities of French history." —Los Angeles Times

British historian and author of Seven Ages of Paris comes a sweeping, grand narrative written with all the verve, erudition, and vividness that are his hallmarks. It recounts the hugely absorbing story of the country that has contributed to the world so much talent, style, and political innovation. Beginning with Julius Caesar's division of Gaul into three parts, Horne leads us through the ages from Charlemagne to Chirac, touring battlefields from the Hundred Years' War to Indochina and Algeria, and giving us luminous portraits of the nation's leaders, philosophers, writers, artists, and composers. This is a captivating, beautifully illustrated, and comprehensive yet concise history of France.

A People's History of the French Revolution-Éric Hazan 2014 Offers an overview of the French Revolution from a bottom up perspective, discussing the lives of working people and peasants at the time and questioning what they were fighting for.

The Diary and Letters of Gouverneur Morris-Gouverneur Morris 2017-04-08

Conscripts and Deserters-Alan I. Forrest 1989 Between the outbreak of war with Austria in 1792 and Napoleon's final debacle in 1814, France remained almost continously at war, recruiting in the process some two to three million frenchmen--a level of recruitment unknown to previous generations and widely resented as an attack on the liberties of rural communities. Forrest challenges the notion of a nation heroically rushing to arms by examining the massive rates of desertion and avoidance of service as well as their consequences on French society--on military campaigns and the morale of armies, on political opinion at home, on the social fabric of local villages, and on the Napoleonic dream of bringing about a coherent and centralized state.
