Encyclopedia of Italian Literary Studies: A-J-Gaetana Marrone 2007 Containing almost 600 entries, this impressive 2-volume reference presents detailed and authoritative treatment of the field of Italian literature, with attention both to the work and influence of individual writers of all genres and to movements, styles, and critical approaches.

Encyclopedia of Italian Literary Studies-Gaetana Marrone 2006-12-26 The Encyclopedia of Italian Literary Studies is a two-volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works, from the most important figures of Italian literature to little known authors and works that are influential to the field. The Encyclopedia is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics related to the overall subject of Italian literary studies. The Encyclopedia also includes writers and subjects of contemporary interest, such as those relating to journalism, film, media, children's literature, food and vernacular literatures. Entries consist of an essay on the topic and a bibliographic portion listing works for further reading, and, in the case of entries on individuals, a brief biographical paragraph and list of works by the person. It will be useful to people without specialized knowledge of Italian literature as well as to scholars.

Economic Perspectives on Cultural Heritage-M. Hutter 1997-10-13 The maintenance and effective use of cultural heritage involves important economic aspects yet the field of contemporary cultural policy is surprisingly void of comprehensive analysis from an economic perspective. Prominent academics and practitioners here fill this gap. They examine the theoretical background on the value of cultural heritage, consider policies from Italy, France, Britain and Japan and make concrete proposals for changes in cultural heritage policy.

Interpreting the Renaissance-Manfredo Tafuri 2006 "Tafuri studies the theory and practice of Renaissance architecture, offering new and compelling readings of its various social, intellectual, and cultural contexts while providing a broad understanding of uses of representation that shaped the entire era. He synthesizes the history of architectural ideas and projects through discussions of the great centers of architectural innovation in Italy (Florence, Rome, and Venice), key patrons from the middle of the fifteenth century (Pope Nicholas V) to the early sixteenth century (Pope Leo X), and crucial figures such as Leon Battista Alberti, Filippo Brunelleschi, Lorenzo de'Medici, Raphael, Baldassare Castiglione, and Giulio Romano. Interpreting the Renaissance is an essential book for anyone interested in the architecture and culture of fifteenth- and sixteenth-century Italy."

From Realism to Art Nouveau-Laura Lombardi 2009 A breathtaking and superbly designed volume on the influential form of the Realist to Art Nouveau art movements. It lets you trace the roots of modern art, beginning with Realist paintings such as Courbet's The Stonebreakers and Millet's The Gleaners - works that shocked mid-19th-century Paris with their unblinking depiction of the lives of the poor. From Realism to Art Nouveau beautifully captures this turbulent era with an incisive text and breathtaking reproductions of works by Manet, Rossetti, Sargent, Monet, Seurat, Cezanne, Van Gogh, Gauguin, Rodin, Klimt and others.

Stillness in Motion-Sarah Patricia HIll 2014-11-21 Stillness in Motion brings together the writing of scholars, theorists, and artists on the uneasy relationship between Italian culture and photography. Highlighting the depth and complexity of the Italian contribution to the theory and practice of photography, this collection offers essays, interviews, and theoretical reflections at the intersection of comparative, visual, and cultural studies. Its chapters, illustrated with more than 130 black and white images and an eight-page colour section, explore how Italian literature, cinema, popular culture, and politics have engaged with the medium of photography over the course of time. The collection includes topics such as Futurism's ambivalent relationship to photography, the influence of American photography on Italian neorealist cinema, and the connection between the photograph and Duchamp's concept of the Readymade. With contributions from writers and theorist Umberto Eco, photographer Franco Vaccari, art historian Robert Vitalta, and cultural historian Robert Lumley. Stillness in Motion engages with crucial historical and cultural moments in Italian history, examining each one through particular photographic practices.

Enlightening Encounters-Giorgia Alu 2015-01-15 Enlightening Encounters traces the impact of photography on Italian literature from the medium's invention in 1839 to the present day. Investigating the ways in which Italian literature has responded to photographic practice and aesthetics, the contributors use a wide range of theoretical perspectives to examine a variety of canonical and non-canonical authors and a broad selection of literary genres, including fiction, autobiography, photo-texts, and migration literature. The first collection in English to focus on photography's reciprocal relationship to Italian literature, Enlightening Encounters represents an important resource for a number of fields, including Italian studies, literary studies, visual studies, and cultural studies.

Modern Urban History in Europe, USA and Japan-Thomas R. Wilson 1989-09-20 An excellent survey of research on urban history offering an introduction to the development and methods used in various countries with a list of resources and facilities available to urban historians.
